Town Pediatrics, PC

Patricia F. Rappaport, MD, FAAP
Sandra J. Groeber, MD, FAAP
Louise J. Chamberlain, MD, FAAP
Stephanie S. Konkus, MD, FAAP
Meghan E. Edwards, FNP-BC

ATTENTION MEDICAID APPLICANTS:

As a courtesy we will see your child while your application is pending approval by the Department of Medical Assistance Services. You must provide your child's Medicaid identification number within 30 days of their initial visit in our office. Should you fail to provide the information in a timely manner, all charges incurred at our office will be the responsibility of the parent/guardian. The charges will be due in full 30 days from the initial visit.

The Department of Medical Assistance Services, upon approval of your application will provide your child with a Medicaid policy. They will often then transition that policy to a Managed Care Organization. Once that occurs, you are required to provide the updated Managed Care policy information to our office as soon as the transition occurs. We can only treat patients who are enrolled in a Medicaid Plan or an Anthem HealthKeepers Plus, Optima Family Care, and United HealthCare Community Plan managed care plans. Parents may designate which Managed Care Organization their child is enrolled in by contacting their social worker.

Participating Networks:

Medicaid FFS/FAMIS or FAMIS PLUS
Anthem HealthKeepers Plus, Optima Family Care, UnitedHealthcare Community Plan

If your child is enrolled in any of the following plans at the time of the visit the parent/guardian will be responsible for paying for all charges incurred on that date of service.

Out of Network (MCO):

Aetna Better Health
Magellan Complete Care
Virginia Premier

Patient Name_____**DOB**_____
